**Quality matters.**

# About Us

## Who We Are:

A veteran company in Singapore supplying and installing invisible grilles. All our staff are well-trained, qualified and experienced to ensure your utmost safety.

Our invisible grilles are also certified by Setsco Singapore. Only quality materials are used in all our products. At Elelaurels, Quality Matters.

# Guide

## Step 1

- Contact our salesperson (+65 8224 2252)  
(Call or Whatsapp)

## Step 2

- Provide relevant details (i.e. address, contact, etc.)
- Schedule a FREE on-site appointment with our sales representative

## Step 3

- Our sales representative conducts site survey and measurement
- Await digital quotation (2-3 working days)

# Types

## Fixed Invisible Grille

- Usually installed at balconies or windows.
- Additional frame might be required if there is no firm concrete wall to secure a fixed invisible grille onto.

## Sample Pictures

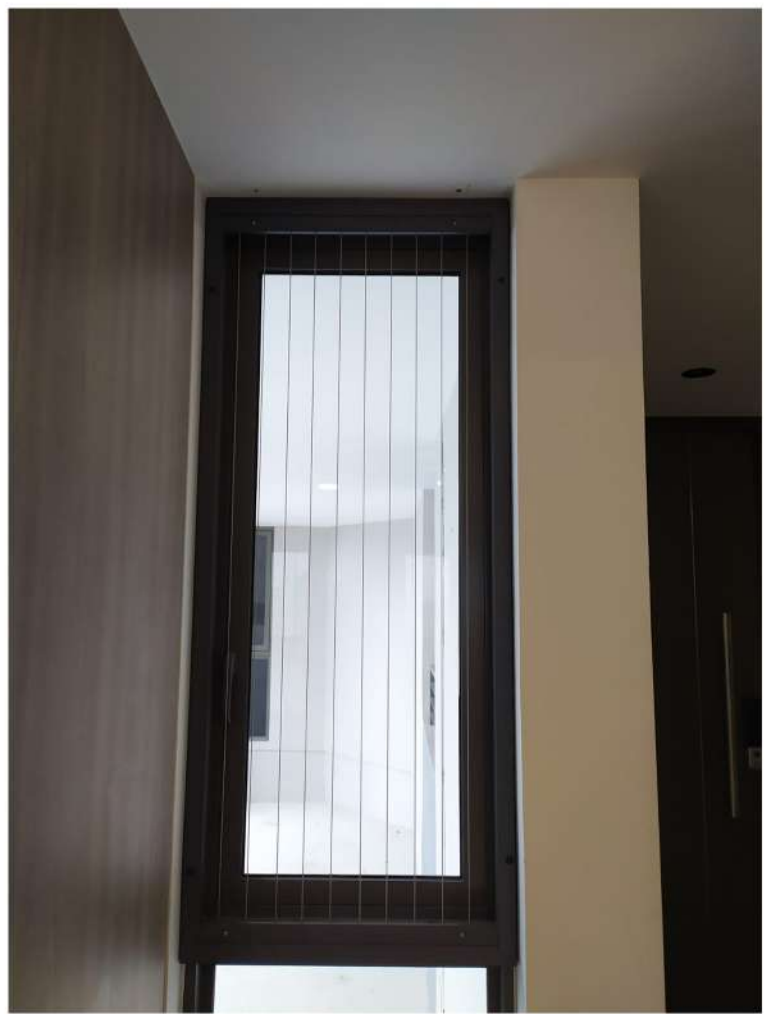

# Types

## Fixed Frame Invisible Grille

- Usually installed at windows without a firm concrete wall to secure a fixed invisible grille onto.

## Sample Pictures

# Types

## Casement Invisible Grille

- Recommended for owners who require their windows to be accessible (e.g. Air Conditioner maintenance)
- Casement windows are able to open more than 90° inwards.

## Sample Pictures

# Types

## Bifold Invisible Grille

- Recommended for owners who require their windows to be accessible (e.g. Air Conditioner maintenance)
- Bifold windows are able to fold towards either side (left or right).

## Sample Pictures

# Types

## Sliding Invisible Grille

- Recommended for owners who require their windows to be accessible (e.g. Air Conditioner maintenance)
- Slides horizontally along a track. Opens by sliding the grilles left and right, instead of opening in/outwards.

## Sample Pictures

# Types

## Custom Invisible Grille

- Customized invisible grilles for doors, gates & windows.
- Design is based on the customer's requirement.
